

THINGS BICYCLAR.

Bicycle Races for the Benefit of the City Hospital.

THE FIRST TOURNAMENT ON JULY 4

A Meeting of Tri-State Bicycle Clubs to Form a Circuit—The Date of the National Racing Circuit Races in Wheeling Not Yet Decided—The Intelligence's Road Race on Decoration Day.

A meeting of the Wheeling Athletic Wheelmen Company was held, at which it was decided that the formation of a tri-state racing circuit shall be encouraged, and that Wheeling apply for July 4 as her date. A committee composed of Messrs. John McClure, Charles K. Stroebel and J. C. Stamp was appointed to confer with the authorities of the City Hospital and ascertain if that institution would consent to become identified with this race meet, a portion of the proceeds to go to the hospital. It is learned that the hospital people are willing to do this.

A meeting of delegates from the clubs interested in the formation of the tri-state circuit will probably soon be held. East Liverpool, Steubenville, Wellsville and Beaver Falls are almost certain to enter. Possibly Wheeling will not be able to secure the glorious Fourth for the races, as the other towns also want that date.

Chairman Raymond, of the League of American Wheelmen racing board has not yet told the Wheeling people the date of the national circuit racing meet in this city, but it is expected that he will have settled upon the date, probably in September, very soon. This meet, which by the way will last but one day, will be the greatest athletic event ever known in Wheeling. This is one of the smallest towns in the circuit. The only other cities in this section admitted to the circuit are Cleveland, Columbus and Pittsburgh. All of the great racing men will be in Wheeling at this meet.

Chairman Raymond has not yet decided whether the INTELLIGENCER can offer a \$100 road racing bicycle as first prize in the INTELLIGENCER road race scheduled to take place on Decoration day to West Alexander, and consequently the minute details regarding the race have not yet been determined. The chairman will probably be heard from on this matter in a few days.

Wheeling Cyclone Challenges McClelland. James Gilhooly wants to skate McClelland a race, best two in three, mile heats, for \$50 or more. Gilhooly's money is ready. He would like to meet McClelland to-night at Neil Quinn's.

Private Skating Party. The private skating party given at the North End rink last evening was the most enjoyable event of its kind that has taken place for a long time. The following committee had the affair in charge: F. Schwertfeger, Adam Hess, George Hook, O. T. Schroeder, G. E. Stifel, F. B. Kleives and E. Stifel. The grand march was "pulled off" at 8 o'clock and was a very pretty spectacle. The grand march was led by W. E. Bowers and wife and Fred. Gaus and lady. There was an exhibition of fancy skating by Eugene F. Hanke and Harry Lutz which was very interesting. The race between George Hook and Prof. Schockey was quite laughable, and had not the county clerk slipped a cog, so to speak, and fallen he might have beaten the professor. The mile race between Will Wolty and Oswald Shrieber was won by the latter. Hanke gave a handicap in a mile race and beat him easily. Hanke rode a mile against time in 1:54.

The popularity of the INTELLIGENCER's three art series, the "World's Fair Photos," "Sights and Scenes of the World" and "Glimpses of America," increases from week to week. The first number of the latest issue, "Glimpses of America," has met with a demand not equaled by that for either of the other series, yet they were surprisingly popular from the start and have grown more so as the successive numbers were put out. Nobody can afford to be without these fine art works, the finest of the kind, without exception, ever issued, and which cost in all, to readers of the INTELLIGENCER, next to nothing.

Turnverein Elects Officers. Last evening the members of the Wheeling Turnverein elected officers for the ensuing year as follows: President, William A. Schambra; Vice President, Joseph Weisgerber; First Turnwart, Edward Brandfass; Second Turnwart, Louis Bartens; Secretary, John M. Schenk; Corresponding Secretary, Geo. Burkettum; Financial Secretary, Edward Vass; Treasurer, Chas. Amick; Property Men, George Brandfass and F. Straub; Librarian, Charles Miller; Hall Committee, Charles Amick, Christ J. Schambra, Joseph Weisgerber; Instructor of Fencing, Herman E. Schambra. Delegates to the Pittsburgh Turn Bezirk convention at Johnstown next Sunday, William A. Schambra and Joseph Weisgerber.

The Big Show. Primrose & West, with their company of merry minstrels, will make their annual appearance at the Opera House on next Thursday. As usual, they engaged the very best talent they could get last summer, and both George H. Primrose and William H. West have redoubled their vigor to place before the public a minstrel organization well worthy of the title the amusement-loving public have bestowed on them, "The Merry Monarchs of Minstrelsy."

THE ISLAND FERRY.

An Injunction to Be Applied For Saturday.

Yesterday Messrs. H. M. Russell and A. J. Clarke, counsel for the Wheeling & Belmont Bridge Co., served formal notice on the attorneys of the Island Ferry Company, by the sheriff, as is usual in such cases, that on next Saturday the bridge company will apply to Judge Paul, of the circuit court, for an injunction restraining the ferry company from operating a ferry from the city to the island, where it now is. The bridge company claims the exclusive right for a certain distance on each side of the bridge line.

The case revives an old question which has been up in one form or another a number of times. The old and the new bridge companies had a somewhat similar fight in the courts, and the result is known. The ferry people say if a temporary injunction should be granted they will simply give bond and continue to run.

Some idea of the popularity of the ferry is given by the fact that on Monday the boat carried 3,503 foot passengers. The vehicles carried daily exceed expectations.

The directors have decided to buy another boat.

WHITE ROW BURNED.

Five Dwellings Houses Burned Yesterday in Benwood.

Yesterday between 12 and 1 o'clock in the afternoon sparks from one of the engines at the plant of the Wheeling Iron & Steel Company in lower Benwood set fire to the row of dwelling houses located near the works and known as the "White Row." The fire was not noticed until it had gained great headway, and then it was too late to quell it with the limited facilities at command of the Benwood people. Five two story houses composed the row and a big blaze was the result. Hundreds were attracted to the scene and without solicitation the Bellaire fire department sent aid over on the ferry boat, in the shape of a steamer and a hook and ladder truck, but when it arrived it was too late to save anything. Happily the wind was from the north, or houses above the row would have burned. The row was owned by the Wheeling Iron & Steel Company, and at the time of the fire but one family, Hungarians, were living in it. It is insured and the loss to the owners will not be great.

GRACE ST. CLAIR

Who Recently Tried to Commit Suicide, in Again.

Yesterday afternoon a telephone message came to police headquarters that a young girl was at a stable near the Crescent iron works and several young men were acting suspiciously around. Officer Buch went out and found it was Grace St. Clair, who tried to hang herself in the lockup last week. She has been at headquarters since that, and is anxious to leave town, but has not the money.

She was brought to the city hall and placed in the back room of the lockup keeper's office. She said a young man had given her a black, bitter drug, which she drank. Shortly after she was seized with convulsions and a physician was summoned, who soon had her in good shape. She was allowed to remain at headquarters over night, as it was the only available place for her, and the officials did not want to turn her into the streets.

WALKER WHITESIDES HAMLET.

His First Appearance here at the Opera House last Night.

A fair house greeted Walker Whiteside and his company at the Opera House last night in "Hamlet." Mr. Whiteside is a slightly built man, with an intellectual but juvenile face. To look at him before he has said a word, one would expect delicate finish without power. When the play is done, he is seen to have great power without the delicate finish. His voice is marvelously deep, musical and flexible for his physical proportions. It is like Robert Mantell's, but less harsh when loudest. He shows originality in unimportant passages, but clings to old traditions where some wise masters have abandoned them. In all, his performance was interesting, artistic and forceful. His faults were largely those which experience will correct.

The cast was not even. Mr. Gross was very good. Mr. Sturgeon was a mainly Laertes. Miss Jones was a satisfactory Queen, and Miss Wolsten fair as Ophelia. Miss Lena Hennig, of this city, who recently joined the company, acquitted herself well indeed as the Player Queen.

This evening "Richelieu" will be given.

Funeral of Gustavus Bowers.

The funeral of the late Gustavus Bowers, a well known old soldier, took place yesterday afternoon from his late residence at Elm Grove, the interment being at the Stone Church cemetery. The G. A. R. conducted services at the grave, and Rev. Mr. Greer officiated at the house. Holiday Post went out on a special car on the Elm Grove road, with a drum corps. W. L. Gilbreath was chaplain, George Clifton commander and C. T. Reed officer of the day.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

THE BOLD ROBBER!

That smashed our window Tuesday night and stole the box containing the \$25, never made a greater mistake if he supposed that it would effect the holders of keys. We have ordered a duplicate Box and Lock, and the same key will win that would have won had this impatient gentleman of nerve not visited us. We knew that the idea was popular, but hardly thought it necessary to build a cell around it to keep people away. Bring in your keys any time during the last week in April and the holder of the right one will get the \$25. In the meantime all purchasers will get a key.
